The committee, however, feels that soon as they present to the pub their reasons for recommending is plan the public will be convinced the wisdom in selecting such.

IRISH STRIKE SPREADS

Industries in Limerick and Cork At Standstill.

Limerick, Ireland, April 16.—All factotries and stores in Limerick were closed yesterday except provision and bread shops.

During the night the military force which are enforcing martial law in this region erected barriers across all the roads entering the city and no persons except those with military permits are allowed to pass. All bridges over the River Shannon and other strategic points are being guarded heavily by the soldiers, while pickets are on the alert throughout the district.

The strike notices given by the rail road men expired at midnight tonight. Efforts are being made to bring out the employes on all Irish railroads. The length of the Limerick strike, it is believed, depends on the success of this movement. No disorders have been reported.

Cork, April 16.—The workingmen in Cork were idle yesterday as the result of a proclamation of a strike by the trade unionists as a protest against martial law. Electric and gas suplies of the city have been cut of and traffic is at a standstill. A workers' committee is issuing permits for the sale of provisions at reasonable prices.

Gasoline to be used by Major Wood in his flight from Limerick across the Atlantic is lying in a warehouse here and cannot be shipped to Limerick on account of the strike.

GOVERNOR DAVIS SAYS HE WILL COOOPERATE

Richmond, Va., April 16.—When Governor Davis' attention was called this morning to an article appearing in a morning paper, which stated that members of the legislature were not signing the printed blanks which had been furnished by members of the Virginia Good Roads Association which purposed the call of the legislature into extra session because they feared that when so convened the Governor would negative by veto their action, he said:

"While I have not concluded as yet to the course that I shall pursue as to calling an extra session of the General Assembly, I am frank to say, that I have no desire whatever to antagonize any movement to secure a meeting of the General Assembly by the individual action of its members. Members of the legislature are strictly within their constitutional rights when they call a meeting of the General Assembly. Should they in their wisdom so convene in extraordinary session, I would aid in every way within my power in securing for Virginia by legislation a sound road building program. No member of the General Assembly should refuse to join the movement to have the members convene the legislature in extraordinary session, for the sole reason that he fears that if so convened I would not be in entire sympathy with such a road building program."

PEACE PLANS OUTLINED

Treaty Will be Handed Germans on April 25th.

WILL CALL CONGRESS

Case of Ex-Kaiser and His Accomplices Will be Determined at Plenary Session Next Week.

Paris, April 16.—The peace program was authoritatively outlined last night as follows:

The treaty will be handed to the Germans April 25. If the Germans have plenary powers it will be signed almost immediately; otherwise it will first be submitted to the German government at Weimar.

Separate treaties will be presented to Austria. Turkey and Bulgaria within a few days after the Germans arrive at Versailles.

As soon as all treaties are signed a period of twenty to thirty days will be permitted for ratification by the allied governments.

When two-thirds of the governments have ratified the treaties they become effective.

President Wilson is expected to call a special session of Congress for this purpose not later than June 1.

The German peace delegation will number about 200 persons and will be well located at Villas in Versailles, where the conferences will take place. Experts are arranging the text of the treaty under instructions from the "Big Four". As soon as this has been accomplished the document will be translated into German for the benefit of the German delegates.

This plan naturally will be altered if the German delegates have plenary powers, as they will then be able to sign the treaty without leaving Versailles.

The waterways provision includes socialization of the Rhine, Elbe and Oder rivers. The Kiel Canal will be left in Germany's possession, but will be open to passage of all ships in peace-time and its forts will be dismantled.

The reparations section of the treaty will be based on a provisional tial installment of $5,000,000,000.

The permanent reparations committee will be expected to get as much more as Germany's financial and economic condition permits after the initial installment of $25,000,000,000, which will be paid within two years. The general belief is that France will get about 55 per cent of the total amounts of indemnities.

While the responsibilities committee has agreed on indictment and trial

COME ALL YE FAITHFUL

Easter time is here, the heart turns to God in gratitude for the promise of the spring.

The war is won, a glorious victory for the principles of justice and right Prayers from millions of hearts go up in thanksgiving for their loved ones spared to them, for the end of the period of greatest anguish the world has ever known. Nights that were spent in watching, and days in waiting for news, news that one prayed might never come, are over.

"Why seek ye the living among the dead?" the Easter angels sing. Your loved ones are coming back to you, whole and stronger for the experience.

"Is it nothing to you, all ye that pass by?" this greatest gift with which the Father could bless you, the saving of your boy's life? There is no adequate way in which gratitude for this greatest of all blessings can be shown, but there is one way in which thankfulness may be expressed. It is helping to insure the victory already won, by making it so secure that there will never again be the necessity for war.

This can be done through the whole hearted support of the nation's ideals and principles. Through the prompt and hearty response of the whole country to the needs of the government true praise may be demonstrated, and the key-stone to the arch of Victory set, making the structure firm for all time to come.

Many of the boys are already back, others are coming every day and perhaps the last will be home during the summer. Shall we let them come back while the victory they won is still unpaid for, before the key-stone is set?

Easter time—peace time—promise time. Fulfill the promise, keep it on earth forever.

Earth has lost its look of gladness,
Heaven seems to us more bright,
Since the spirit of our dear ones
Took their happy homeward flight.
And we long to cross that river,
There to see and know and love them,
Long to rest upon that shore,
With the Savior evermore.
The vacant place, the vacant chairs,
We see them day by day,
And Oh, it fills our hearts with care
Since our loved ones went away.

PICTURE SHOW SUNDAY

Under Auspices of Victory Liberty Loan Committee

The Victory Liberty Loan Committee announced today that all showings of the "Price of Peace" will have to be on Sunday, that when application was made to the Central Committee for this picture it was found impossible to secure it for this city for use on any other day. The picture is so intnesely interesting all copies of it will be in use every day during the entire Victory Liberty Loan Campaign. It will afford every spectator an opportunity to see reproductions of great guns throwing gas bombs, see the explosion and the clouds of gas clinging low to the ground and filling the dugouts. You see the American soldiers adjusting the gas masks and getting ready to save their lives against destruction by the poisonous gas conceived and used so extensively by the Germans. You will see the great concrete emplacements for the mammoth guns used in the war.

An intensely interesting scene is the American engaged in battle in Argonne sector. These pictures made to preserve the work of the American army in France are released at this time to give to the public an opportunity to see the superb valor which won peace for the world and saved civilization from destruction.

The hour for the showing of the "Prfice of Peace," will be announced later in the Gazette. There will be no admission charged and the music will be furnished by the United States Government.

MUSICAL TREAT BY CHURCH CHOIR

Excellent Rendition of Gethsemane to Golgotha at St. Paul's Church

CHORUS OF 60 VOICES

A Credit to the Participants—Was Under Direction of Sherman B. Fowler —Hope Expressed it May be

Those who attended the services last night of St. Paul's P. E. Church and heard the composition of Edmond Turner's 'Gethsemane to Golgotha' as rendered by the choir of that church had an opportunity of receiving an inspiration from the Passion of Our Lord and Savior Jesus Christ which is impossible to describe, and a sermon in song of the one Great and Divine sacrifice of God's own Son to save the world from sin and to redeem mankind, that will be a pleasant memory of a lifetime to music lovers.

Never before has such a rendition been offered in Alexandria and all to the credit of our local talent.

To Sherman B. Fowler are praises due under whose direction it was given and who has done so much in the past to develop the musical talent of our city, and to bring to our citizens the most beautiful of sacred music.

With a chorus of about 60 voices under perfect control and well balanced this masterpiece was produced.

The solo parts were all most beautifully rendered and impressively presented, and many of the congregation found their eyes wet with tears of sympathetic gratitude and religious devotion,

The tenor solos rendered by Kenneth W. Ogden, especially the one "To the Beloved Disciple" was most masterful.

Wilmer J. Waller's fine bass has never appeared to such good advantage as in his solos "My God, My God Why hast Thou Forsaken Me" and "It is Finished, Father into Thy Hands I Commend My Spirit."

Mrs. Harrie White rendered with appealing sweetness and expression "O Son, My Son Who Hangest There" and to J. Harris Franklin fittingly rendered the solo, "Whomsoever I Shall Kiss, That Same is He."

Excellent, indeed, was the support rendered by the able chorus of both the men's and women's voices which all went to produce the greatest musical rendition Alexandria has had for many years.

It is hoped that this choir may repeat at an early date this beautiful music so that those who were so unfortunate as not to be present last night will have an opportunity to hear this wonderful production.

A WORD FOR THE CIRCUS

A statement that a committee of the Retail Merchants' Bureau of the Chamber of Commerce will wait upon the finance committee of the City Council and urge that in the preparation of the license ordinance for this year that crcuses and carnivals be made to pay $200 on each performance with an additional tax of $25 on each side show has caused some comment in the city. The city and state licenses are now almost prohibitive, and should our city city fathers adopt the suggestion of the committee of the Retail Merchants' Bureau the funeral knell of these ever popular exhibitions will have been sounded.

The state exacts about $250 from circus companies which visit Alexandria and $15 on each side show. They are made to pay according to the number of cars they carry and according to the population of places they visit. The city in addition gets $100 for each day's exhibition. Managers of carnivals also pay the city $100 for each day they remain in Alexandria. This means that the city will receive $1,800 for the three weeks' stay of the carnival company now here.

While giving a horseback opin on, we are averse to this movement. At present the City Council exacts a high license tax upon each circus performance, while but one is really collected. For instance, the itinerants give an afternoon performance, and in order to escape paying a license tax for exhibiting at night declare the latter is out a continuation of the day performance.

Forty years or more ago an Alexandrian purchased a ticket for an afternoon performance of a circus company. When he attempted to pass into the tent the collector of tickets demanded his pasteboard. The holder declined to give it up, although he exhibited it, and said he would deliver it at the night exhibition. The ticket collector concluded to let him pass in without delivering up his ticket.

Alexandria does not average one circus a year under existing conditions. None appeared last year. While we all agree that circuses carry much money out of a city, the fact is apparent that such companies are necessarily compelled to spend some money in our midst. Besides a circus draws many persons to a city. They come from all points of the compass, and they, too, drop money here.

While the writer can say he has not witnessed a circus performance for nearly half a century, hundreds of other persons, especially the young, will find themselves deprived of a popular source of amusement should the circus be frozen out by thoughtless legislation.

WORK OF THE CONFERENCE

Many thoughtless persons assume that the deliberations of a conference of nations should be expedited as speedily as plans for the erection of a dwelling; that all the delegates should come to an understanding within a few days. Diplomacy is necessarily long drawn out, and had our American representatives been guilty of undue haste and allowed certain important issues to remain unclosed their critics would have made the most of such miscarriages, no matter how important.

The findings of the peace conference are printed elsewhere. He who runs may read. While not behind the scenes and not called upon to give an opinion, we are, as at the first, ready to trust Woodrow Wilson and his able coadjutors with the most delicate task of bringing cosmos out of chaos. We have every reason to believe they have accomplished this work.

The Baltimore Sun expresses the opinions of a large majority of Americans when it says "never was the moral, political and economic value of official frankness better shown than in the confidence created by Mr. Wilson's reassuring statement. He has come to the front door of the Peace Conference and reported definite progress to the anxious crowd outside. We get something far more precise than the meaningless bulletins that have heretofore been thrown out like marrowless bones every day to satisfy the hungry curiosity of the world. We are informed now that "the questions which must be settled in the peace with Germany have been brought so near a complete solution" that the German plenipotentiaries will in all probability be at Versailles on the twenty-fifth of this month. That means that the treaty of peace wth Germany is likely to be signed by the end of April, unless the associated nations should allow a prolonged discussion of the terms by Germany's representatives which is the remotest of possibilities.

"This is one important fact we get from the President's statement. Another is the speedy agreement on the Adriatic's question heretofore one of the stumbling blocks of the conference. Another is the authritative declaration that other points of difficulty are at last finding a satisfactory solution, and that they "may also presently be expected to be ready for final settlement." And in connection with the President's statement we get the announcement of the amount of the indemnity Germany must pay and the time in which it must be paid.

"In a word, the sun of publicity has broken through the clouds of diplomacy, and pessimism and apprehension are succeeded by a renewal of hope and confidence. From this time forward let us hope there will be neither twilght nor midnight zones at the conference, and that daylight will be substituted for the dark lanterns of old fashioned international negotiation."

BOLSHEVIST CLOUD

In a speech which featured the second day's meeting of the twenty-sixth annual convention of the International Association of Police Chiefs, holding a four day session in New Orleans, Marshal Robert D. Carter, of Baltimore, yesterday warned of the rise of Bolshevism throughout the Union, and called upon his colleagues to adopt stringent measures to hold in check the alarming growth of the "social and economic disease" which he styled as "extremely contagious."

The Baltimore Chief asserted that Bolshevism has not only got a grip on Baltimore, but it is quite evident that the belief is spreading, and what is true about the monumental city is also true in regard to other big American cities.

"The rise and ultimate danger of Bolshevism especially concerns American police officials," Marshal Carter said, "when disorder is caused directly or indirectly through rantings of some busy headed Bolshevist.

"In my opinion the Bolsheviki, the Industrial Workers of the World and the out and out anarchists are birds of a feather," he added. Scratch one and you will invariably find the other. The rise of Bolshevism and its subsequent effect is not only alarming to police departments, but it is drawing the attention of the social and industrial world. It is surprising, but it is a fact, that many native born Americans are in a spirit of unrest, and they, too, are giving encouragement to the Bolshevists and other agitators who glory in the fact that they can address meetings and say almost anything they please with immunity.

"It will be too late to act after the bomb has been thrown or after the torch has been applied. Therefore, we must constantly be on guard, keep ourselves informed as to their meetings, their movements, their numbers and, most of all, their designs."

AGE OF MIRACLES

Wireless telephones—aeroplanes soaring at 120 miles an hour—trans-Atlantic flying—the plays of Shakespeare—there are so many things to marvel at we hardly know whether to be amazed by everything or by nothing.

Collier's Weekly in commenting upon this age says "the wireless telephone seems to the unscientific almost the peak and summit of amazement; yet is it any more marvelous than the miracle every parent knows—that of a child first learning to talk? How and by what incredible magic does that small brain, so inexpressive a few months earlier, grasp the astounding, inconceivable process of translating its consciousness into our complex and arbitrary symbols of speech? A few months ago the child and its puppy playmate were apparently on an intellectual par. What secret essence lies in the child's mind that leads it on to talk while the dog stays dumb—in our language at least? Explain the miracle of a child learning to talk, and we will be content to take the wireless telephone as a mere trifle in astonishment.'

Once more we're called, in victory's cause and hour.
To make response, to limit of our power,
And so to seal in bonds, that will make good,
The cause for which our soldiers shed their blood.

What price they paid, in youthful lives laid down,
To win the cause that won for them a "crown—
Unfading" there—here, just a wooden cross
To mark their sacred dust and typify our loss!

How little seems the best that we can give—
In view of those who died that we might live;
That our beloved country might be free
From horrors they have suffered o'er the sea.

The nset us all respond to full extent,
(To Uncle Sam, you know, 'tis only lent).
And settle now, forever and for all.
Our country's just and patriotic call.

M. P. Bryan, in Baltimore Sun.

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught

Rossville, Ga.,—Mrs. Kate Lee Able of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks. He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought The Thedford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedford's Black-Draught."

Thedford's Black-Draught will help you to keep fit, ready for the day's work. Try it!

Stimulate Retail Sales

ADVERTISE

U. S. Department of Labor

Never before has the American public had the money to spend which it has today.

The merchant or manufacturer who sits back and waits for this money to come to him without making any effort to get it will awaken when it is too late. He will then realize that his more aggressive competitor has been on the job and has taken advantage of the strongest sales weapon known to industry, namely, advertising.

Don't wait for things to come your way without doing anything to help them along.

Advertise—increase your advertising. use the newspapers to tell your story. Multiply the value of your sales talk a thousand fold and more. Develop that great potential market which is ready and willing—yes eager to buy the things you have to sell but does not know that you have them.

To stimulate business surely, quickly, and economically—Advertise now.

PEACE PLANS OUTLINED

(Continued from Page One)

of minor enemy officials in the countries in which their crimes were committed, the question of whether the former Kaiser and his accomplices shall be corporally punished will be determined at the plenary session next week, owing to the fact that the committee has failed to agree on this one point.

Among the protocols will be the league of nations covenant, to which the Germans will subscribe, although they will not be admitted to membership in the league until they are voted in under the covenant provision for acceptance of new members.

In addition to the military and naval terms which have already been outlined the treaty will cover all other ground completely.

Dispatches of March 22 stated Germany would be allowed an army of 100,000 men, a navy of six battleships, six light cruisers and twenty four destroyers and torpedo boats, and no military air force. Also that she would be rendered further impotent through allied control of her war materials.

The military and naval terms will contain approximately 12,000 reparations the same, waterways and responsibilities about 5,000 each.

Boundaries, which will require at least 5,000 words, will give Alsace-Lorraine to France, as well as giving the French possession of the Saar coal mines.

The valley will be administered by France as mandatory for the league of nations for fifteen years, after which a plebiscite will be held. The Rhine boundary is not changed.

The Rhine forts will be dismantled, and France will be given guaranties against attack which she has characterized as "most acceptable."

suitable for operation thereof.

f.—The approximate costs of superintendence and operation of said farm.

g.—The approximate total number of persons who would be maintained per annum at the district house.

h.—At what point would it be best to establish such a home.

i.—Two or more available properties which can be purchased, at location suggested, and the prices thereof.

j.—Whether it would be best to purchase land without building, or purchase land with building thereon.

k.—Any and all other matters or things to be reported by the committee, which they deem practical and necessary for the purposes for which they are appointed, so that the several counties and city can act with full information.

Third—That each county and city agree to stand an expense of not over $50 to cover costs of the investigation and report, and that such consent be communicated to the chairman of the committee as soon as possible.

Fourth—That when the investigation is completed, the committee will cause a copy thereof to be furnished to each of the Boards of Supervisors of each county, and the City Council of the city for examination.

Fifth—That after examining the report, each of the Boards of Supervisors of each county, and the City Council of the city, will apoint a representative with power to act to meet at some designated place and time to be selected by the chairman of this committee after notice, to take definite action, looking to the establishment of a district home for the Eight Congressional District of Virginia.

The foregoing report was discussed by the meeting, and adopted.

Th following three representatives selected to make the investigation and report in accordance with the foregoing suggestions: Geo. F. Harrison, Herndon, Virginia, Frank L. Ballenger, Alexandria, Virginia, and Lindsey Dawson, Manassas, Virginia, R. F. D., The meeting then adjourned subject to the call of the Chairman.

HOW WAR BONDS GO UP IN VALUE

History of All Loans for a Century Shows That Advance Has Always Come with Peace.

Will history repeat itself? That question is in the minds of many bond buyers these days. Records show that the prices of bonds were way down during war times of the past but soon after peace was declared advanced rapidly.

During Napoleonic wars prices of English 3 per cent. consols ranged from 67½, the high and 54½, the low in 1814 to 96⅞ the high and 84¾ the low, in 1824. During the same period French 5 per cent. rentes rose from 80, the high, in 1814 to 104.8 in 1824. They also went as low as 45 in 1814.

French 5 per cent. rentes during the Franco-Prussian war ranged in price from 75.1 to 87.3 and 50.8 to 81.1.

United States bonds during the Confederate war sold for 95¾, the high, and 83, the low, in 1861, but from then on they had practically a steady rise until 1873, at which time the high was 123⅛ and the low 111½. The ten-forty-year bonds, put out in 1864 advanced from 103½ to 116⅛ in ten years.

Four series of Liberty Bonds have been issued and the fifth—to be known as the Victory Liberty Loan—will soon be offered. These securities have behind them the mightiest protection ever devised—the resources and the pledge and the faith of one of the great nations of the world. The investment value of the bonds can never decrease, for the interest will always be paid and the bonds will be redeemed at full face value at maturity.

Our idea of zero in patriotism is the kind that yelled itself hoarse when the boys were going through the Argonne and now yells loudly when called called upon to foot the bill.

LET UNCLE SAM BE YOUR BANKER

Offers Far Better Opportunities Than Those Enjoyed by Thrifty People in France Who Claim Leadership.

France has been called the thriftiest nation in the world.It claims to be. If we do not watch out she will prove it conclusively. America is the richest country on earth. Our per capita savings increased approximately 48 per cent in the last four years—the period of the war. Last year, for instance, the per capita savings in the South alone was $26.73. That sounds like we have the money, and we certainly have the will to make more.

Uncle Sam is out to show you how. He wants to be your savings banker He offers you not only 4 per cent. interest, compounded quarterly, but the government as security. There could not be a better incentive for thrift than that. The French people have far less, yet they save more. They have no way to put their savings into small government securities, the popular denomination being that of five hundred francs, or $100.

It would not be very convenient to save if we had to put our pennies into an old stocking until we had accumulated $100 as the French do ,would it? And the stocking doesn't pay any interest. So let Uncle Sam take care of your pennies—twenty-five of them buy a Thrift Stamp and sixteen Thrift Stamps converted into a War Savings Stamp begin earning compound interest for you immediately. Are we going to let the French beat us in thrift?

FARMERS ASKED TO TAKE BONDS

Special Appeal on Behalf of Liberty Loan Issue is Sent Out by Washington Representative of National Grange.

Every farmer in America is expected to support the Victory Liberty Loan, says Thomas C. Atkeson, the Washington representative of the National Grange Patrons of Husbandry, who has sent the following letter to the officers of every farm grange in the United States:

"'Victory Liberty' is the slogan for the new loan. The drive is to begin April 21, for the sale of six billion dollars in Victory Liberty Bonds. These two words visualize all that is best in American spirit. American farmers must respond to this appeal.

"What the farmers of America did in sacrifice and in accomplishment, in food production and in bond buying during the war is a part of the record It is a war record of which any class may be proud. It must be made good now by meeting the obligations which result from the outpouring of American strength which conquered the enemies of Liberty and civilization.

Time to Get Ready.

"It is time to get into this Victory Liberty Bond campaign. No appeal of the war has gone unanswered to the full limit when brought to the attention of the farmers. Men, money, wheat, other food—no matter what the obstacles or the difficulties—the answer has been full and certain. The answer must be the same in this coming drive.

"Millions of soldiers must be brought home; thousands of sick must be cared for; thousands of wounded and mutilated must be made ready for future usefulness. We armed a nation and mobilized its resources into a war machine of such tremendous potential power that our enemies surrendered rather than face it, and thereby months or years of fighting and thousands of lives, were saved. Now we must pay the obligations created by this effort. Who can neglect to pay his just part for that which prevented so great a sacrifice of life and blood.

World Wants Products.

"There lies just outside the doors of the American farmer a hungry world, a world which needs all our products. American farming rests on the safe basis of need and service. The investment of the hard earned dollars of American farmers in Victory Liberty Bonds is a safe investment with a certainty of fair return, and the money will come back into circulation making more business, increasing the market and the demand for farm products, and increasing prosperity. Buying Victory Liberty Bonds will make farmers Victory-Liberty-Prosperity-men. Do your part to put the Victory Liberty Loan over the top.

"Make your investment in Victory Liberty Bonds the measure of your confidence in American institutions and that democracy for which your sons offered the supreme sacrifice; a symbol of your determination that the war shall not have been fought in vain; an offering of thanksgiving for peace."

400 Tires to Choose from —You Must select One

Obviously you can't compare the prices and relative merits of them all.

Only a corporation, operating scores of cars, can afford to pay a man to do that. But there's your "tip"! If you can't study, and they can, reap the benefit of their investigation.

If you learn that scores of companies in Chicago, New York, Pittsburgh, Atlanta and San Francisco use only Diamonds—that taxi companies in New York, Philadelphia, Pittsburgh, Washington and Portland, Ore., average over 5,000 miles on Diamonds steadily—

Then you have positive proof that these business men are convinced that Diamonds are the most economical tires they can buy. That's also the judgment of business men in this town. Buy your tires on a business basis.

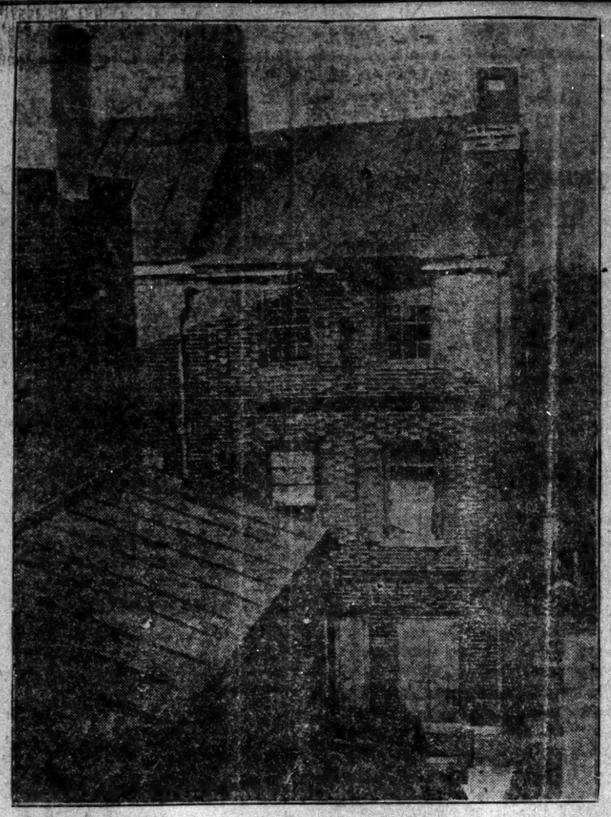
Franklin's Spring Street Home In Philadelphia



Within a few blocks of the Friends' Burying Ground in which lies the body of Benjamin Franklin, whose picture adorns the 1919 issue of War Savings Stamps, is a quaint three-story brick dwelling, one of the places where the inventor-philosopher lived while in Philadelphia. The house is in Spring Street, in the center of Colonial life in the Quaker City. It is in excellent state of preservation. The 129th anniversary of Franklin's death will be commemorated April 17. Franklin's thrifty sayings did much to stimulate among the American people the habits of wise buying, sane saving, secure investment and avoidance of waste.

CHINESE YOUTH WINS WAR MEDAL

General Pershing Pins Award on Breast of Sing Kee, Who Braved German Fire.

Here is a text book on Americanism written in Chinese character and translated for use when a Victory Liberty Loan salesman tackles you to do your duty. It is an official American communique:

"Pvt. Sing Kee, Infantry. Chung Kee, father, 604 North Fourth street, San Jose Calif. For extraordinary heroism in action at Mont Notre Dame, west of Fismes, France, August 14, 15, 1918. Pvt. Kee, although seriously gassed during shelling by high explosive and gas shells, refused to be evacuated, and continued, practically single-handed, by his own initative to operate the regimental message center relay station at Mont Notre Dame. Throughout the critical period Pvt. Kee showed extraordinary heroism, high courage, and persistent devotion to duty and totally disregarded all personal danger. By his determination he materially aided his regimental commander in communication with the front line."

Sing Kee wears the Distinguished Service Medal of the United States of America.

Sing Kee is for America—for her enough to lay down his life. Are you for America? Are you as good a man as Sing Kee?

Then buy of the Victory Loan to the limit.

DO YOUR BIT WILLINGLY.

By spending lavishly the United States ended the war, saved billions of dollars and hundreds of thousands of lives. Pay your share of the bills thankfully.

THIS KIND OF SPIRIT WON THE WAR.

The following letter has been received by the War Loan Organization at Richmond, Va., from Mr. A. W. Hall, manager of the Sykesville (Md.) Herald. Who could ask more?

"The Herald will go to the War Loan Organization without charge. Moreover, we invite you to use its columns in any way you see fit for the Victory Loan. It has freely given service and space for all war activities and will not stop now. Please accept the free copy.

WILL OPPOSE JUMP IN RATES.

Richmond, Va., April 16.—Virginia will endeavor to escape the increase in telephone rates as ordered by Director Burleson by supporting Kansas in her fight in the Supreme Court of the United States, according to counsel for the State Corporation Commission. The increase is to be effective May 1.

N. Y. MARINES AGAIN STRIKE.

"Tie up Everything Afloat" Threaten Harbor Workers

New York, April 16.—A general harbor strike, far more radical than any hitherto called, was ordered last night by the Marine workers' affiliation to take effect Thursday morning at 6 o'clock.

The latest strike order directs that no exceptions be made for any class of shipping. Heretofore the harbor strikers have exempted hospital ships and, to some extent, coal barges. In the coming strike these, too, are to come under the ban, it was stated.

Threats were made that the strike may be extended to coastwise and trans-Atlantic shipping.

Ferry boats, heretofore permitted to operate provided only passengers were carried, are to be tied up.

"Our men were laid off for their refusal to tow 'scab' boats," said President Thomas L. Delahunty, of the affiliation.

"The strike order provides for no exemptions. We will tie up everything afloat."

CLERGYMAN ENDS LIFE

Quit Pulpit Because of Ill Health and Because Despondent

Riverton, N. J., April 16.—Rev. P. A. Houghtaling committed suicide Sunday night by inhaling gas. He had attended church in the evening and retired before the other members of the family, pleading fatigue. When his wife went upstairs, half an hour later, she smelled gas, and, opening the door to their bedroom found her husband on the bed, with a gas tube in his mouth and his head tightly wrapped to prevent the gas from escaping. A physician was summoned, but said that death had resulted in a few minutes, owing to the muffling of the head.

Mr. Houghtailing was pastor of Calvary Presbyterian Church here for several years, but resigned owing to ill health. Of late he had seemed to be much worried over lack of employment. During the war he held a clerical position in a shipyard. The act had evidently been planned for some time, as Mr Houghtaling bought a new gas hose and made a complete record of his financial affairs.

WORKMEN OF CORK STRIKE

Walkout is Protest Against Martial Law of Government.

Cork, April 16.—A general strike was proclaimed in Cork yesterday morning, in connection with the British government's action in establishing martial law in several sections of Ireland.

All business was suspended. A workers committee was formed and began issuing food tickets.

NOT AS BIG AS BRITIAN'S BILL

Cost of War to America Not Nearly Equal to What English Ally Must Pay.

Twenty-one months of our war with Germany cost the United States $26,356,000,000, the treasury department calculates. Huge munitions and other contracts have been cancelled. Manufacturers are now presenting their bills and receiving payments for materials delivered months ago in the heat of the struggle.

Included in the enormous total of $26,356,000,000 is the sum of $7,875,000,000 loaned to the Allies. When we began lending to the Allies, the government contemplated turning over to them about $500,000,000 a month but actual loans ordinarily ran around $380,000,000 monthly.

Of the total war bill about $18,000,000,000 has been raised so far by the Liberty Loans. The fact that we have not covered our war debt is the reason for the Victory Liberty Loan. In other words we haven't paid for the job.

The cost of the war to Great Britain was $40,640,000,000. Germany is out $38,750,000,000 exclusive of indemnities the Allies may impose.

KNOCKED DOWN AT BANQUET

"To H— With Flag," Says Guest in Reply to Senator's Poem

New York, April 16.—A sensational incident marked the close of an address by United States Senator Geo. A. Chamberlain at a dinner of the Sphinx Club at the Waldorf-Astoria last night. His peroration was a poem "The American Flag." As the Oregon senator recited the closing lines, one of the diners, in the rear of the grand ballroom half arose from his seat and shouted:

"To hell with the American flag!"

Diners from several other tables started toward the man who had denounced the flag, but Edward W. Mitchell, vice president of the Texas and Oklahoma Oil Company, was the first to reach him. Swinging with his right arm. Mr. Mitchell landed a clean blow on the chin of the disturber and knocked him down.

Several friends seated with the man attempted to interfere, and there was a lively skrimmage, in which Mr. Mitchell himself was struck in the face. The disturber was rushed out a side door before any serious damage was done, however.

CYCLONE DELAYS FLIGHT

Ocean Storms Hold up Sopwith and And Martinsyde Flyer.

St. Johns, N. F., April 16.—Cyclones reported raging over the ocean yesterday caused Harry Hawker, pilot of the Sopwith airplane, to announce another postponement of the trans-Atlantic flight until today.

Continued rains increased the depth of the mud on the field, but rapid progress made in the assembling of the Martinsyde plane goaded Hawker to the point of desperation. He was willing to risk dashing down a hill at a sixty mile clip to lift the three-ton plane, now completely loaded, into the air and aim east for England, but the unpropitious weather report persuaded him it would be unwise to make the attempt today.

The same adverse conditions which brought about the third postponement of the Sopwith start also caused Raynham to abandon the trial of the Martinsyde which had been arranged for this afternoon. He will probably attempt a trial flight tomorrow.

RIOTING IN INDIA

Deportation of Agitators Followed by Angry Demonstration

London, April 16.—Serious riots in India on Friday and Saturday were reported in official dispatches received from the Viceroy yesterday. The disturbances resulted from deportation of several agitators.

Two banks, the town hall and a warehouse were burned in Amritsar. Five Europeans were killed. Three of them, bank employes, perished in the flames. Troops fired into crowds of rioters, killing nine and wounding twenty-one.

Five casualties occurred at Lahor. In Kasur a mob attacked the railway station, killing a British soldier. Armored trains and an airplane were employed in restoring order. The telegraph office was burned in Ahmedabad. Cavalry and police charged a mob in Bombay, inflicting some casualties.

DARED GERMANS TO SHOW HEADS

Sergeant of Marines Hurled Pointed Query at Boches When Fire Was Most Terrific in Belleau Wood.

It isn't nice to swear in type. Neither is war nice. This is a war story. It was told by Brigadier General Catlin in his book, "With the Help of God and a Few Marines." Belleau Wood is the setting.

The General had given his troops the order to advance. His last words were, as they started across the wheat fields under a withering fire, "Give 'em hell, boys."

"Some one has reported," the General continues, "that they advanced on those woods crying, 'Remember the Lusitania.' If they did I failed to hear it.

"Somehow that doesn't sound like the sort of things the Marines say under the conditions."

Then General Catlin tells what they did say. When the lines were wavering under the terrific German fire, a sergeant cried out:

"Come on you — — — —, do you want to live forever?"

Tell the marines that you are not going to take your share of the coming Victory Liberty Loan.

Happy Jack is also the largest Elk in the world, Colonel Latham's trained wild animal arena where Capt. Free attraction.

The J. F. Murphy shows are clean and high class in every respect They invite the clergyman of each city to inspect their shows.

ROUMANIANS IN RETREAT

Fall Back in Bessarabia Before Soviet Troops.

London, April 16.—Russian Soviet troops, after heavy fighting, have compelled the Roumanians to begin a general retreat into Bessarabia from the line of Kamentz-Mohilev along the Dniester in Podolia, a Russian wireless message says.

Further north in Western Ukraine, the message adds, the troops of General Petlura have been driven from the line of Kamentz-Proskurov-Shepietovke.

A retreat of 10 miles in the Murmansk region is admitted by the Russian Soviet Government in a wireless message received here today.

The Hon. Ping Bodie's idea is not so much to "hit 'em where they ain't," but to hit em where they can't get to without jumping a fence.

Get Well

IT is indeed hard to stand at one side while the stream of life flows by. A man or woman condemned to sickness that does not permit him or her to perform the active duties of life, to do his or her share of the world's work, is a pathetic figure deserving of sympathy.

Much sickness, pain and misery result from disordered kidneys and bladder. Failure of the kidneys to do their work properly and filter impurities out of the blood leads to rheumatic pains, backache, sore muscles, stiff or swollen joints, puffiness under eyes, floating specks, biliousness, bladder weakness, nervousness, or other symptoms of kidney trouble.

Foley Kidney Pills

are effective in removing the cause of the trouble for they strengthen and invigorate weak or deranged kidneys and help them to normal functioning so that the blood stream is purified and the cause of disease removed.

F. M. Platte (Brakeman), Sec'y. Switchman's Union, 515 Blaine St., Peoria, Ill., writes: "Two bottles of Foley Kidney Pills relieved all symptoms of my kidney and bladder trouble, stopping the backache and pains, correcting the kidney action, clearing sediment. I am also free from dizziness and floating specks before my eyes. Foley Kidney Pills cured me and have my heartiest recommendation."

DEBS MADE PRISON CLERK

Veteran Socialist Given Lightest Job in Penitentiary

Wheeling, W. Va., April 16.—Eugene V. Debs, Socialist leader, sentenced to 10 years' imprisonment at the Moundsville penitentiary, near here, for violation of the Espionage act, began his term yesterday as a clerk in the prison hospital. Warden Terrell said he had intended to assign Debs to the library, but decided he would be the object of too much curiosity there, and gave him the clerkship, the lighest work in the institution, because of his age.

Before he began work yesterday morning the warden told Debs he would be well treated as long as he complied with the prison regulations, and that the only special requirement in his case was that he refrain from preaching any of his doctrines, which Debs agreed to do. When Debs was measured for a prison suit it was found that regulation trousers were too short, and a special pair will have to be made.

Debs gave himself up to Federal authorities in Cleveland yesterday on arriving there from his home in Terre Haute, Ind. He was convicted six months ago of seditious utterances during an address in Canton, Ohio.

RED CRY IN PARLIAMENT

Women Demand Soviet and Are Dragged Out by Attendants

London, April 16.—The first Bolshevist demonstration in the House of Commons came dramatically last night when two women in the strangers' gallery loudly shouted.

"You are murderers. Our men have given their lives to safeguard the country. We have not finished with one war and you are leading the workers into another war. We will not have peace until we have a Soviet."

The women were dragged out of the house by attendants amid considerable excitement.

Then a handsome woman, dressed in a long white cloak, arose in the house and cried: "We want a Soviet!"

She stood for several moments, but no one approached her. Finally an attendant slowly ushered her out.

There is no hint as to this woman's identity or whether she and the other women are affiliated with any local Bolshevist organizations.
